Hello Kuenga Sir,

I hope this email finds you well.

Sir, after discussion with our Management, we have decided to register our stamps which are used as the foundation to NFT stamps for copyrights.

I have filled in a sample form and it's attached below. Could you please go through it and inform me if it needs any correction.

Upon your response, we shall fill the forms for other stamps and then send it for registration at your office la.

Thank you in advance for your time and assistance.

Sincerely,

Dear Madam,

I've gone through the form, and it looks good. You'll need to submit two copies of the work you're applying for registration, so please ensure you bring copies when you visit the office to submit the applications.

Thank you.
