Subject: Facilitation Support for Special Internship Opportunities for Persons with Disabilities

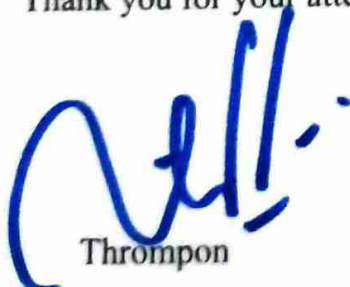

Dear Dasho/Sir/Madam,

Our office has recently been approached by several persons with disabilities (PwDs) and their caregivers seeking support in facilitating internship opportunities within government agencies. We are happy to learn that the Ministry of Industry, Commerce, and Employment (MoICE) has introduced a special support program aimed at empowering and mentoring marginalized populations. Under this initiative, Persons with disabilities are provided with a monthly stipend for one year based on their qualifications. However, a key requirement of the program is that they must secure internships within government offices.

In light of this, we kindly request your esteemed office to consider the possibility of accepting interns from this group for a period of one year. Your support will not only help provide them with a sustainable livelihood but also play a vital role in building their confidence and grooming them for future opportunities.

We would greatly appreciate your positive response at the earliest. For further information or coordination, please feel free to contact Ms. Pema Choki of RENEW at 17785240.

Thank you for your attention and kind consideration.
