April 15, 2024

The Regional Operations Manager
Western Union Money Transfer (WUMT)
Bangladesh

Subject: Request for support on WUMT Service

Sir,

Bhutan Post, as the National Designated Postal Operator, has been operating and providing Western Union Money Transfer (WUMT) services since 2003 and our remittance services catering to the public have now extended to all post offices covering the entire Bhutan. However, post pandemic the global and national trend of emigration also affected the Bhutan Post with many of our WUMT experienced staff leaving the company. We would therefore like to seek your kind support in skilling/re-skilling/training select employees to improve our WUMT services.

To enhance efficiency and skills/productivity of our current WUMT staff, Bhutan Post kindly requests your support in facilitating training with full fund support too. This training is essential for the robust development and productivity growth of the staff managing the WUMT services.

The training duration may range from a few weeks to one month at maximum, depending on the WUMT module provided, which would greatly benefit our staff through skill/re-skilling enhancement.

We look forward to hearing from you with kind consideration.

Thanking you,
Yours sincerely

(Karma Nidup)
Chief Executive Officer
Bhutan Post
